BINDING TWINE

The binder twine question is one which has attracted a great deal of attention in the past few years. It is a question which has been discussed in many of our papers, and the result has been a general feeling of dissatisfaction with the twine now in use. The twine now in use is of a very inferior quality, and is not fit for the purpose for which it is used. A Terrible Misadventure.

The Flare was a misadventure, outside of the town, and that policy agent "G" approaches to the house. This is because the unfortunate Flare is subject to the same misadventure as that which her cousin, Louis of Bavaria, was visited. She will see no more. It is not merely the death of the Archduke that is the misadventure, but the fact that the Emperor has been affected. The symptoms showed themselves four years ago, in the form of a violent attack of rheumatism, and various hallucinations. During the last century, there have been twenty-two cases of insanity in Bavaria. Royal family. As present the King is in the hospital, and several of his relations have been attacked with the same disease. For years Her Majesty never passed a night at the Royal Palace in Vienna, and she used to travel that she was prepared by the scepter of Marie Therese. After the death of Louis, the second of Bavaria, the business to which the Emperor was subjected seemed to be a misadventure. She feared that King Louis would be before her and that water poured from his garments in such volumes as to endanger her life. She fled to the hospital, and there she remained for several months. She was then sent to the hospital, and there she remained for several months. She was then sent to the hospital, and there she remained for several months.

JESUIT MAIL CASE.

What the Philistines have to say in reply to the Mail's plea.

Montreal, May 4.—Lamotte, attorney of the Jesuit order, in stating that they had received the Mail's plea, said: "We will make a general defence on behalf of the Jesuit order, and we will show that the method employed to test the constitutionality of the law is illegal and not permitted by the code of civil procedure. Then we shall make special objection, which can only be given as a draft, the statute of Elizabeth never applied to the colonies, and is a dead letter even in England, where the Catholics enjoy the greatest freedom. It looks now as if the case was to go to the jury, and on preliminary objection as to the constitutionality of law and not on the merits of the original declaration based on the Mail article headed 'The Jesuits'."
